1 Public Summary

The objective of this document is to present the work and achievements of the SECUR-ED demonstration team that was responsible for the Bergen demonstration, and ultimately for the improvement of security in the Bergen PT network.

The structure of the document is as follows:

- Chapter 2 of the deliverable outlines the list of acronyms and referenced documents, while Chapter 3 briefly presents the Bergen demonstration team and their working methods, including the considerations given to any ethical aspects arising from this demonstration;
- The following chapter details how the SP3 capacities were chosen for this demonstration, based on the results of the Risk Assessment;
- Chapter 5 is dedicated to the description of the scenarios and the way in which they have been adapted and implemented in the Bergen demonstration by the project partners;
- The integration of SP3 capacities is outlined in Chapter 6;
- Finally, Chapter 7 presents the outcomes of the demonstration and the main conclusions drawn by the demonstration team.

The scenario selection for this demonstration was done based on the Risk Assessment done by project partners, taking into account the long-term needs of the operator as well as the SECUR-ED scope.
